Itinerary

Day 1: TBILISI -SENAKI- NOKALAKEVI - CHKHOROTSKU

Daily driving distance: 366 km (5 h 33 min)

08:00 We pick you up from your hotel in **Tbilisi** and transfer you to **Senaki** Caffe Apetito (4 hours 3 minutes (286 km)). We make several stops along the way to stretch the legs.

After a short rest, we head to **Nokalakevi Archaeological Museum-Reserve**, which is about 17 minutes drive from **Senaki** (16.5 km). The tour lasts about an hour. We visit the ancient acropolis of **Kudzhi**, restored halls of the Archaeological Museum, fragments of thermal baths, medieval churches, a citadel and a tunnel to the **Tekhuri River**.

The next place to visit today is **Martvili Canyon**. Enjoy the scenery of the **Samegrelo** Waterfalls and take a 20-minute boat ride down the clear, azure **Abasha River**. The tour lasts about an hour.

In the evening arrival in the small town of **Chkhorotsku**, where tourists usually do not visit. Unique experience!

A small, family-run winery Obene is a good place to visit for dinner and taste Ojaleshi- very rare wine of local origins. This is the best place to experience the real flavor of Samegrelo region.

Overnight in **Chkhorotsku**.

Day 2: CHKHOROTSKU - ENGURI DAM - MESTIA SURROUNDINGS

Total drive: 4 hr 13 min (180 km)

08:30 After breakfast at **Chkhorotsku** guesthouse, check out and drive to **Mestia**, Zemo **Svaneti** region. Move up the mountain serpentine of the Great Caucasus.

The first must-stop site on the way is **Enguri Dam**, which located on impressive, picturesque gorge and represents the biggest construction of Soviet times (52 min from Chkhorotsku - 50 km). Doing 20-30 minutes photo stop here and continue to Upper **Svaneti**. Optional* boat trip is available on Enguri reserve.

103 km left from here to **Mestia**, but non-stop time generally takes about 2 h, 20 min. Make as many stops as you like and feel the spirit of the roaring waterfalls, the Inguri River, mountains and unspoiled wildlife.

Arrival to **Mestia**, an administrative center of **Svaneti** region, surrounded by the three major summits: **Ushba** North (4690 m), **Ushba** South (4710 m) and the bride **Tetnuldi** (4858 m). Villages around **Mestia** - Latali, Lenjeri and **Mulakhi**, keep traditional lifestyle. There are 78 medieval churches and defensive towers decorated with medieval frescoes in **Mestia** and its surrounding villages.

This is the reason, why we head to the tower-museum of Margiani (12th c.) immediately after our arrival.

Walk to the mineral sparkling spring and Seti square. * **Optional** visit: [Svaneti Museum of History and Ethnography](#). The museum's collection includes ethnographic and archaeological findings, old manuscripts, Orthodox icons painted in the local **Svaneti** style.

Mount Chatini is clearly visible from this valley, while on its south face the Chalaadi glacier takes shape.

Continue towards the Chatini mountain and finally at 1920m above sea level, reach Chalaadi glacier.

In a few words, the trail is quite an easy walk with many views of the high mountains and **Snowy** peaks of the Greater Caucasus range.

The last 16 km is a gravel road, and frequent avalanches make it impossible even in the summer season. The area is made up of medieval settlements with an authentic local community. Ushguli is one of the highest permanently inhabited places in Europe. For the historical, cultural and geographical reasons listed above, Ushguli was included in the UNESCO World Heritage List.
