Itinerary

Kojori, Samshvilde, Kldekari and Dashbashi Canyon

Total driving 276 km (6 h 45 min)

Your private tour begins at 08:30 from your hotel lobby. Your guide will drive you to **Kojori** village near Tbilisi, where the awe-inspiring **Azeula fortress** offers a 360-degree panoramic view showcasing Georgia's North and South borders. Capture fantastic scenery during photo sessions before heading to Samshvilde.

Samshvilde Canyon, nestled within the Khrami gorge, once served as a natural defense for **Samshvilde fortress**. Located in [Tetritskaro](#) Municipality, Kvemo [Kartli](#) region, the canyon ranges from 548 to 605 meters above sea level and encompasses part of the historic Chivchav gorge, fortifying the fortress's defenses.

Pause for a picnic lunch and proceed to **Kldekari**. [Samshvilde and Kldekari Museum Reserve](#) safeguard an archaeological site featuring ancient megalithic complexes, cyclopean castles, a Middle Bronze Age barrow valley, and unique secular and church architecture from Georgia's Trialeti range. An outdoor tour in this rural area offers a refreshing experience.

Next, venture to the [Dashbashi Canyon Natural Monument](#). Carved by the Ktsia (Khrami) River, this canyon in the Dashbash volcanic plateau showcases rare biodiversity at an elevation of 1,110-1,448 meters above sea level. While the surrounding ecosystem boasts sparse vegetation, the steep canyon slopes and stunning waterfalls create a distinct micro-landscape with unique fauna and micro-climate.

Explore a 1.8 km trail starting from the visitor center, leading into the canyon valley near the waterfall. The round trip takes about an hour, or opt for designated vehicles providing transportation. Rope biking is also available on-site for an adventurous experience.

Evening, return back to your hotel.
